

# Homophobia Scale: Where do you fall?

Terrorism	Overt Homophobia	Subconscious Homophobia	Indifference	Defensive	Justification
-----------	------------------	-------------------------	--------------	-----------	---------------

I would kill a gay person just for being gay.	Heterosexuals are superior	This is god's will	I've got nothing against gay people, but...	Faggots!* (Wait, I'm supposed to think it, not say it.)	That's there problem, not mine.	It has nothing to do with me.	It's just a joke.	DADT and DOMA ended a few years ago.
I inflict fear in gay people on purpose.	Straight people are under attack and will be overruled by gays.	But a dude with another dude is just gross!	Lesbians are cool; I'd like to be the meat in a lesbian sandwich.				If gay people would just...	

Denial	Straight Savior	"Woke" Justification	Awareness	Allyship	Accomplice
--------	-----------------	----------------------	-----------	----------	------------

Being gay is accepted. Homophobia no longer exists.	How am I privileged for being straight?	I will help gays, but only if I lead.	Love conquers all.		I will make space for LGBT people.
So what if you're gay, do I need to know?	Straight people have life tough too.	If we can't say "faggot" or "dyke" they shouldn't either.	You do what you want sexually, just keep me out of it. I am all about your rights though.	My experience as a straight, cisgender person is drastically different that someone who is LGBT.	I will put my safety, health & freedom on the line to fight for LGBT people. I will let them lead and not try to be at the center.
	If gay people want our help, they need to act "normal."	There is no need for gays to have their own safe spaces. We are all one.		Systemic homophobia is very real and needs to stop.
